Complete the applicable fields for the examination performed.

Renal Ultrasound / Renal Artery Doppler

Date: _____

Patient _____

Identifier _____

Context

Indication: _____

Technique / vessels sampled: _____

Technical limitations: _____

Renal morphology

Right renal length: _____ cm

Left renal length: _____ cm

Cortical appearance / thickness: _____

Collecting systems, calculi and focal lesions: _____

Bladder / residual if assessed: _____

Aorta and Doppler technique

Aortic peak systolic velocity (PSV): _____ cm/s

Doppler angle / technical notes: _____

Renal venous flow: _____

Right renal arterial Doppler

Proximal PSV: _____ cm/s

Mid PSV: _____ cm/s

Distal PSV: _____ cm/s

EDV at highest-velocity sample: _____ cm/s

Renal-aortic ratio (entered, not calculated): _____

Intrarenal RI: upper / mid / lower: _____

Waveforms / acceleration findings: _____
